

Safeguarding Children

For visitors, contractors, supply staff and volunteers

We are committed to safeguarding and promoting the welfare of children, and expect all adults on site to share this commitment. We have a Child Protection policy, and Child Protection procedures in place.

Everyone in our community has the responsibility to act on any concerns that they may have about a child's well being. If you have concerns, please record these, along with any observation or conversation heard, and report this as soon as possible. Forms are available from the Child Protection Co-ordinator, and should be returned to the CPC or Deputy CPC.

Do not conduct your own investigation

Do not keep your own records

Do keep all concerns and information confidential

Concerns may arise from

- You seeing an injury
- A pupil tells you something
- Another adult tells you something
- Something else that does not feel quite right

If a pupil chooses to tell you something

- Promise confidentiality but not secrecy
- Reassure the child that they have done the right thing
- Listen but do not ask leading questions
- Record and pass on your concerns

Your help in supporting our safeguarding work is appreciated by the school and by our pupils.
