

## Web filtering software

These 2 links provide free options to filter web content on all devices.

Software	Web Address	Description
 <b>K9 Web Protection</b>	<a href="http://www1.k9webprotection.com">http://www1.k9webprotection.com</a>	This is software that you install on each device you want to protect.
	<a href="http://www.opendns.com/home-solutions/parental-controls/">http://www.opendns.com/home-solutions/parental-controls/</a>	This is a little more comprehensive as once you've set it up, it protects any device connected to your home network.
